

FRESHER JOBS TRAINING

Learn, Build & Achieve You Dream

In this competitive and demanding professional world environment, most of the fresher / job seekers aware about the work knowledge, but they are unable to crack the interviews due to challenges they encounter during their interview session, like

- ✓ How should be a good and impressive resume looks like?, How to understand Job Description?
- ✓ How to prepare for interview as per company job profile? What will be our job profile
- ✓ In the name of interview get nervous?
- ✓ How will be my personality during the interview?
- ✓ Unawareness about question being asked by the interviewer?
- ✓ What and to manipulate the reply for common question?
- ✓ Lack of self-confidence during the interview etc.
- ✓ They want to go for interview, but due to lack of interview skills they don't want to face interview

Due to lack of certain skill, knowledge & proper guidance they are unable to perform well in the interview.

Fresher / job seekers want to improve their skill, but they don't find any complete practical training or assistance platform except internet through which they make themselves ready for it.

Mostly student go with internet to create resume and try to prepare themselves as per the information available, But the problem is

- ✓ There are huge data which results in creating a lot of confusion to opt suitable one as per their job requirement.
- ✓ Some fake & unpractical data present on internet today.
- ✓ They get only basic and general information which is not sufficient for all kind of jobs.
- ✓ Mostly data written by foreign they write his own experience what he faced and learned by his own country. They don't know our fresher's job seekers problem, our company's culture & our pattern of interview.
- ✓ Fresher / job seekers don't know how to update resume in the right way on jobs portal like (Naukri.com, LinkedIn etc.) and they are complaining that they are not getting call from companies after updating resume in job portals.

Due to problems mentioned above, it misguides and consumes individual's time and after some time the candidate gets nervous & results in getting the morale down for not being hired for an appropriate job profile. Because of which, they try in some other field, or go into low profile

So our experienced and professional team has designed this course realizing the problems of fresher & job seekers and looking at the demands of competitive market & boost their confidence.
